

# SmartFlix.com Crafts Contest Winners

First of all, a big thank you to all of our talented entrants for sharing their unique, beautiful crafts with us. We enjoyed everyone's submission and again are so impressed with the range of styles and mediums used. As we do for every contest, we will archive ALL submissions here at SmartFlix to possibly be used on the website or in our online advertising. We'll be sure to contact you personally should that opportunity arise.

So, again, thank you for the wonderful art you've sent our way, and for inspiring the whole SmartFlix team to get as creative as you did. Without further ado, we're proud to present the award-winning crafts!

## **1st Runner Up** - Carol Sheppard for Wire Sculpting & Fused Glass

Thank you to Carol Sheppard for her beautiful combination crafts of wire sculpting and fused glass. Her creations are original, wearable, and designed with flair and edge to make each one unique. Our favorite is the third photo in...doesn't the copper accent the glass piece so beautifully? Here's what Carol had to say:

"I rented the Preston Reuther DVDs to supplement the fused glass work I was already doing and the basic wire-sculpting knowledge that I had...I receive compliments on every piece I wear, and my work is now sold from TAASG [The Appalachian Artisans' Society Gallery], a wonderful gallery in North Carolina." - Carol Sheppard

Thank you again, Carol, and keep up the fantastic work! To learn how to create beautiful art with glass like Carol's, visit our [Glass](#) subsection in the [Arts & Crafts](#) category.
